RADIOLOGICAL HAZARDS**

symposium

PERSONAL PROTECTION

IN COLLABORATION WITH

WORLD LIFE INSTITUTE

CENTER OF EXCELLENCE

Current Nuclear Risks and Radiological Hazards

How can we prepare for personal and family protection?

FREE SYMPOSIUM

Saturday, June 2, 9:30 am to 11:30 am
Lower Level Gallagher Center at Niagara University
Refreshments will be served

Hosted by: Border Community Service of Niagara University in conjunction with Global Nuclear Awareness Program of World Life Institute's Center of Excellence

Speakers: Tedd Weyman & Paul Zimmerman

This presentation will explore current local and global threats and the knowledge needed for personal and family protection.

The Niagara County Department of Health will be on hand to demonstrate radiation detectors.

RSVP: Please E-mail Terri Mannarino at tmannarino@niagara.edu for information and to register today.
